1. Free

turnin' molehills into mountains
makin' big deals out of small ones
bearing gifts as if they're burdens
this is how it's been
afraid of coming out of my shell
too many things I can't do too well
afraid I'll try real hard
and I'll fail
this is how it's been
till the day You pounded on my heart's door
and You shouted joyfully
you're not a slave anymore!

Chorus

you're free to dance
forget about your two left feet
and you're free to sing
even joyful noise is music to Me
you're free to love
'cause I've given you My love
and it's made you free
I have set you free!<

my mind finds hard to believe
that You became humanity and
changed the course of history
because You loved us so
and my heart cannot understand
how You accept me as I am
but You say You've always had a plan
and that's all I need to know
so when I am consumed
with what the world will say
then You're singing to me, as You remove
my chains

- Chorus -

Bridge

free from worry
free from envy and denial
free to live, free to give, free to smile

- Chorus -

2. I Am

"no, Lord," he said
"you've got the wrong guy siple conversation gets
me tounge-tied,
and your telling me to speak with a maniac king
I wonder if I lost my mind?"
"and besides I am week dont u want someone strong
to lead them out of Egypt, when they've been there
so long
and anyway they won't believe u spoke to me"
"thats not your problem," God replied
and the rest is history

Chorus

"there's a bigger picture you can't see
you don't have to change the world just trust in me
cuz I am your creator, I am working out My plan
and through you I will show them I am"

"now, Lord, are you sure?
he's just a sheperd boy,
to small for any battle gear, with a giant to destory?
What on earth can he do with five stones and a
sling?"
"its not your problem," God replied,
"cause I can do anything!"

- Chorus -

I am the first I am the last
I am the present and the past
I am tomrrow and today, I am the only way

"great, Lord," she said
"I'm just a simple girl
You say that I will bring Your Son into the world?
how can I understand this thing You're gonna do?"
"thats not your problem," God replied--

3. With Me

life is a strange thing.
sometimes it's thrilling
and sometimes it gets me down.
some days my world
so all consuming
I'm afraid I'm gonna drown.
but there's one thing I know for sure

Chorus

let good days come
let dark days call
but everyday You're with me, with me through it all.
and I will embrace what every moment brings
because You are with me.

I cannot measure
the pain and pleasure
life has up its sleeve
my joys and sorrows
today's and tomorrow's
are for me no guarantees.
but there's one thing I know for sure

- Chorus -

Bridge
and when life isn't fair
I can still smile
even in my despair
You're there all the way.

- Chorus (2x) -

4. I Am Nothing

I could travel over oceans, cross the deserts, climb
the mountains
just to share Your story, bring You glory, and win
souls for You.
I could sing like an angel, songs so humble and so
thankful
full of drama and emotion, so the world would know
Your truth.
I could give away my money and my clothes and my
food
to restore those people who are poor, lost, and
down-and-out.
oh, I could succeed at all these things,
find favor with peasants and kings,
but if I do not love, I am nothing.

I could live a flawless life,
never cheat or steal or lie,
and always speak so kindly, smile warmly, and go
about doing good.
I could dedicate myself to do what everyone else
wants me to-
listen to them, compliment them, say the things I
should.
I could show up every Sunday, lead the Choir and
Bible Study
and they all might come to know me as a leader and
a friend.
oh, I could achieve success on Earth, but success
cannot define my worth
and all these actions, all these words, will not matter
in the end-

Chorus
songs will fade to silence,
stories, they will cease.
the dust will settle, covering all my selfless deeds.
so as I strive to serve You,
won't You make it clear to me,
if I do not love, I am nothing.

Bridge
if I cannot live my life loving my brother,
then how can I love the One who lived His life for
me?

sent to Earth from Heaven,
humble Servant, Holy King,
come to share a story, get no glory, and save my
searching soul,

You knew that I'd deny You, crucify You, but nothing
could stop You from
living for me, dying for me, so that I would know-

Chorus
songs will fade to silence,
stories will cease,
the dust will settle covering these selfless deeds.
but Your life here has made it clear enough for me to
see
that if I do not love, I am nothing.

5. Something More

I've spent half my lifetime watching time go by
and wondering where it went
when I try to fall asleep at night
I lay there feeling spent

contemplating what the next day's gonna hold for me
tossin' turnin', my mind is churning'
thought won't let me be

every morning meets me with a list of all I have to
do
every evening greets me with the knowledge that I'm
never through
every taste of success makes me vow to never fail
feels like I just chase my tail

Chorus
there's gotta be something more than running circles
for a living
gotta be something better than just trying to survive
gotta be some important puzzle piece that I am
missing
gotta be something more to life.

if every picture tells a story, Mine must be a mystery
'cause I lose sight of who I am and who I am
and who I'm supposed to be
looking back on what I've built
and all that I've achieved
only leads me to believe

- Chorus -

tired of these hopeless places
bored with my earthly things
so I must fill my empty spaces
with the love that heaven brings

6. True Story

I am a gifted artist
I've learned to paint this canvas well
I work until I've finished
an ideal image of myself
but you know better

I am a storyteller
quite brilliant if I do say so
I tell them tales they want to hear
and they believe it's me they know

but you know better

Chorus

You see my imperfections
still you say I'm a masterpiece
a marvelous reflection
the image of Yourself in me
You paint with strokes of grace
undoing my disguise
You say beauty lies in the true story

the world might think me foolish
if they could see beneath my mask
they might find my dreams laughable
or be embarrassed by my past
but you know better

- Chorus -

Bridge

of where I've been
and where you've brought me to
of who I am
all because of you

- Chorus -

7. Run To You

I used to see the world in black and white
now I find myself lost in a fog of grey
I thought the good guys always won the fight
but I've learned life simply doesn't work that way
I once believed if I loved others they would love me
too
but I've seen that isn't always so
I thought the inner peace would come from trusting
who I am
but it's really about trusting who I know

Chorus 1

so when the winds of change try to blow me over
and the shadows of confusion hide the truth
I will hope in the One who is forever
I will run to You
I will run to You

ever since the moment life began
humankind has tried to solve its mysteries
so many things we cannot comprehend
so we draw conclusions that we can believe
well, I know that Your hands have placed the earth
upon the seas
and pitched a tent in the Heavens for the sun

the Author of the universe is the Father who loves
me
so only one conclusion can be drawn

- Chorus 1 -

Chorus 2

when I face the questions that seem to have no
answers
and I know my friends are but a precious few
I will hope in the Love that never changes
I will run to You

Bridge

though the perils of life seem so great
and hope seems so frail
You never fail, no
shadows may not disappear
but You've always made it clear
truth will prevail
You will prevail

8. Let Them Hear

I have no words to offer,
they simply get in the way,
when I try to explain You,
there's nothing sacred left to say
You are who You are,
and You always will be,
so here is my prayer -

Chorus

let them hear You through me,
let Your words be mine.
let them see that Your love
is the reason I'm inspired,
and when given the choice,
may they recognize Your voice.
let them hear You through me, O Lord.

I don't have all the answers,
all I know is what You've shown,
and I'm longing for those moments
when You'll make your mysteries known.
til then, I will be,
who You've call me to be,
so again, hear my prayer-

- Chorus -

...and may I always know
that words are not enough...
