**normal generation? – please wake me up (the single) [ 2002 Stereo Wonderland, Polydor / 'Plattenläden'; online ]**

**1. Please Wake Me Up**

don't leave me satisfied  
you are always on my mind

I say - love has come to me  
and what a difference to life  
big change - a challenge to my brain  
a revolution going on inside  
on track - I'm never going back  
my purpose is to live the light  
my world is fleshing out the Word  
in honour of who holds my destiny

Pre-Chorus

I never wanna lose the passion down in me  
and if ever I should fall asleep  
wake me up - don't leave me satisfied

Chorus

please wake me up  
please wake me up  
don't leave me satisfied  
please wake me up  
please wake me up  
(you are always on my mind)

don't leave me satisfied

I know - the heart is full of lies  
I need your truth to free my life  
come strong - show me where I'm wrong  
don't ever want to live a compromise  
my heart is harnessed to your own  
push me past my comfort zone  
give me desire just like yours  
a burning hunger reaching out far more

Pre-Chorus

I never want to lose the fire of my belief  
so if I settle down then please  
wake me up - don't leave me satisfied

Chorus

please wake me up  
please wake me up  
don't leave me satisfied  
please wake me up  
please wake me up  
(you are always on my mind)

Rap

I woke up one morning found my spirit  
empty inside my soul answered praying  
I've got everything, nothing is missing  
but somewhere inside I'm still not satisfied  
day and night I wanna see your light shining bright  
set my heart on fire burning with your desire  
going for less than the best just ain't good enough  
I say stop - average ain't top so please wake me up

please wake me up (up)  
don't leave me satisfied  
please wake me up  
don't leave me satisfied  
please wake me up  
don't leave me satisfied

please wake me up, uh

Chorus

please wake me up (never stop or make my life rock)  
please wake me up  
don't leave me satisfied  
please wake me up (take this, take me or never forsake me)  
please wake me up  
(you are always on my mind)
