Sarah Brendel – be with you (Single) [2002 Zyx Music / 'Plattenläden'; online]

1. Be With You

shivering in the cold air
the wind is crawling
it's crawling into my face
a lonely road leading nowhere
I am longing
longing for a resting place

there's a voice I hear that's
calling me back home
and my spirit yearns to go

Chorus

I wanna be with You
I wanna run to You
and loose myself
I wanna be with You
I wanna run to You
and loose myself
loose myself in You

through the veil of confusion
You are calling
calling me by my name
I have fed the illusion
with the sweetest fruit
still the hunger stays the same

Chorus

I wanna be with You (I wanna be with You)
I wanna run to You
and loose myself
I wanna be with You (I wanna be with You)
I wanna run to You
and loose myself
loose myself in You

Bridge

*the treasures of this earth
I want to leave behind
I wanna free me from my mind, yeah
my mind, oh*

*I wanna be with You
I wanna run to You (oh yeah)
I wanna be with You
I wanna run (yeah) to You
I wanna run, wanna run*

Chorus

I wanna be with You (I wanna be with You)
I wanna run to You
and loose myself
I wanna be with You (I wanna be with You)
I wanna run to You (yeah)
I wanna be with You (I wanna be with You)
I wanna run to You
and loose myself
I wanna be with You (I wanna be with You)
I wanna run to You
and loose myself
loose myself in You

2. Hands

sanctify me
occupy me
nothing that I know
could still this yearn within
embrace me
make haste with me
soothe this restless heart
calm this stormy sea

now the world must leave
and Your eyes are all I see
forgotten dreams of unity
while Your touch covers me

Chorus

feel Your hands all over me
I feel hands all over me

come define me
oh outline me
speak Your tender truth
till my body rings within
draw me closer into our subrosa
earch me, submerge me
fill me up completely

Chorus

feel Your hands all over me
I feel hands all over me

Bridge

*I could swear
that the world is shrinking now
I could swear
oh, eh*

*now the world is still
in awe to our embrace
there is no disturbing sound
beyond the reach of time and space*

[Instrumental-Bridge]

Chorus

feel hands all over me, yeah
feel hands all over me, ooh
feel hands all over me
oh God, I
I need You more than I can say
oh, mmh
