1. Breathe Your Name (Single Version)

Band's song comment: *"Breathe Your Name" explores the way people can become such a strong part of our inner lives that they sit behind the wheel and drive our actions often without us knowing it consciously.*

it's every day
I'm in this place
I feel this way
I feel the same
it's every day
I'm in this place
I feel this way
I feel the same

is it all inside my head?
is it all inside my head?
I view the list
and take my pick
I view my fate
and make the choice
because it's nobody else's but mine

but you're in my heart
I can feel your beat
and you move my mind
from behind the wheel
when I lose control
I can only breathe your name
I can only breathe your name

so many days within this race
I need the truth
I need some grace
I need the plot
to find my place
I need some truth
I need some grace
the part of you
that's part of me
will never die
will never leave
and it's nobody else's but mine

you're in my heart
I can feel your beat
and you move my mind
from behind the wheel
and I lose control
I can only breathe your name
I can only breathe your name

[Instrumental-Bridge]

you'll view the list
and take your pick

you'll view my fate
and make the choice
because I'm nobody else's but yours

and your in my heart
I can feel your beat
and you move my mind
from behind the wheel
and I lose control
I can only breathe your name

'cause you're in my heart
I can feel your beat
and you move my mind
from behind the wheel
and I lose control
I can only breathe your name
I can only breathe your name
I can only breathe your name
I can only breathe your name

2. Northern Lights (Non-Album Track)

Song comment: »A "Divine Discontent" outtake released on the "Breathe Your Name" retail single. This single is only available in America yet. (David Decker, 02-28-2003)«

it burns me down
when I think of all the tears you've cried
for one million miles
I logged on roads that led away from you
knowing there was nothing you could do
inside my mind I saw you driving in your car
just one silhouette
the wind with a prayer that this would not go to far
away from my essential flame
our bodies growing cold
like stars that lose their will to burn
and fade into the night
but we could burn like the northern lights

Chorus
baby - please stay
we can make it through another day

it may - must we?
all the fiber optic arguments
without the warmth of your flesh
we couldn't really make much sense
but now it's over and I am here my body next to yours
we'll feed the flame with the fuel of time
and burn like the northern lights
I'm tired of all the senseless fights

Chorus
baby - please stay
we can make it through another day

baby - please stay
we can make it through another day
we could burn like the northern lights -
baby

you love me and I love you
so, baby - please stay
we can make it through another day
baby - please stay
we can make it through another day

baby - please stay
we can make it through another day
baby - please stay
we can make it through another day
we could burn like the northern lights -
baby
